

ORACAL 5021

BLACK VINYL WITH REMOVABLE ADHESIVE

Description

Soft PVC film with gloss finish.

Release paper

Silicone coated paper on one side, 137 g/ m², with special release characteristics which provide excellent waste- stripping properties. For white vinyl a light blue silicone coated paper is used to form a stronger contrast to lettering.

Adhesive

Polyacrylate dispersion, semi- permanent adhesive.

Areas of use

Designed for the use on plotter systems for the production of temporary road sign graphics, inscriptions and decorations to be applied outdoors. The polyacrylic adhesive ensures residueless removal even after 2 years of adhesion. Perfect when re-facing traffic management signage.

Outdoor Durability

3 Years
