

ORAGUARD 5095

ANTI GRAFFITI FILM

Description

Transparent polyester film with excellent dimensional stability and good long- term ageing properties. Protects surfaces form dirt and UV rays. Using a suitable cleaning solvent, graffiti can be removed quickly and with no damage to the film surface.

Release paper

Both sides PE coated release paper, 160 g/m².

Adhesive

Solvent based polyacrylic, permanent adhesive.

Areas of use

Used for protecting the surfaces of road and commercial signs etc.

Thickness

(without paper and adhesive) 23 microns. Dimensional stability (FINAT-TM 14) Adhered to steel, no shrinkage in cross direction, in length < 0,2 mm

Solvent and chemical resistance

Resistant to most oils and greases, fuels, solvents, weak acids, salts and alkalis.

Service life

By specialist application under vertical outdoor exposure (normal climate of Europe) up to 5 years. Durability is reduced when applied to south- facing surfaces exposed to high temperatures for extended periods, when applied in areas with high industrial pollution levels, or when used at high altitudes.
