

EnduraFrame 1500

The EnduraFrame 1500 is a plastic quickfit mini sign frame that is compatible with standard 300mm centre quickfit sign faces.

This compact frame is lighter, thinner and more durable than metal and plastic equivalents. Space and weight limitations are improved in works vehicles compared to using single piece chapter 8 signs.

Built-in branding such as corporate colours and embossed company logos make it easy to identify and keep track of site equipment.

Usage Benefits

- Made of ultra durable recycled plastic with stiff composites which is resistant to cracking.
- Fitted with 8 antiluce droplocks, compatible with 300mm spaced quickfit faces.
- Compact design stacks efficiently: each sign is just 38mm wide when stacked
- Interchangeable sign faces and damaged faces can be changed on site
- Highly wind resistant & compatible with 9kg DropBlock ballast
- Category C & B winds use 2 DropBlock weights
- Category A storm winds use 8 DropBlock weights
- Light 5kg design reduces weight in works vehicles compared to steel alternatives
- Does not collapse when left unattended due to the Intelligent leg lock design
- Clearly label equipment and prevent theft with corporate nameplate and custom RAL colour frame
- Repairable, spare parts are available
- Made from recycled material and can be returned at end of life for recycling or reuse

Specification:

Product No.	TMF600EB
Width	600mm
Length	620mm
Height	1495mm
Weight	5kg
Quantity / Pallet	50
Colour	Black, custom RAL colours, MOQs apply

Compliance Codes:

Safety at Street Works and Road Works (Red Book), Traffic Signs Manual (Chapter 8), BS 8442 (2006)
