## QUICK-LOCK CONE REFLECTOR

Tennants are proud to announce the arrival of our Cone-Reflectors for traffic cones.

Durable, highly visible and easy to fit, the **QUICK-LOCK** Reflector features Prismatic retro-reflective faces to both sides of fully recyclable **ENVIROPLATE**, ingeniously designed and fabricated to lock onto the top of all types of cone.

### Specification

- 5mm thick 100% recyclable ENVIROPLATE substrate
- 150mm diameter reflector panel
- R3B 12 year grade prismatic retro-reflectivity – yellow front, red to the reverse
- Size and design in accordance with Diagram 560 of TSRGD 2016 (Schedule 2, Warning signs, Part 6, item 2)
- Fabricated locking aperture with grip slot for quick and easy manual fitting to cone top
- Supplied in boxes of 100No.

### Benefits and Options:

- Increase the safety of your workforce with the cone reflector
- To be used alongside lamps and batteries to improve visibility and delineation
- Durable single piece construction
- Easy to deploy with no need for additional fixings
- Environmentally friendly – reground fully recyclable substrate
- Lightweight and stackable, reducing storage and transport costs
- Engraved company branding available – (MOQ of 250 units applies)

\* Cone lock aperture design differs for each cone type – please specify brand and size of cone when ordering.
